RINGLOCK TOEBOARD

ACCESSORY BROCHURE

TOEBOARD

An upright member at platform level fastened around the platform perimeter to prevent objects from falling off the platform.

- All working platforms require a toeboard.
- Increase safety and limit injuries by using the right product.
- The Proscaff toeboard is lightweight, durable and cost effective.
- A fast and simple pin and ring connection is used.
- At 90 degrees, the brackets are positioned on top of each other.
- Works with various types of system scaffolding and bay sizes.
